

Rent a Boat

We can offer you an 15 ft boat with an 40 hp (4 stroke) outboard motor
The boat is placed approx. 350 ft (120 m) away from the cabin

You can find the price by pressing the *availability pricelist* button to the left on the webpage The rental price does not cover the petrol.

According to the Norwegian law, all drivers born after 01.01.1980 require a boat licenses. All other “ages” do not require a boat license

Rescue vests have to be onboard while operating (Norwegian law).

As far the water temperature could vary and the current could take you away (and under) very fast, we highly recommend the boat users to put them on during driving.

Think Safety

Competence and planning reduce the risk of an unexpected event.

Take with you adequate equipment

Equipment have to be in a good shape and easy to access.

Respect weather and water

Use the boat only if the condition allows it

Follow rules

Follow directives about give way, speed,...

Use Rescue vests

Rescue vests have to be onboard while operating (Norwegian law).

Be sober and with your mind

More than 0.8 ‰ can get you in real troubles with the Norwegian government

Show responsibility

Safety , environment and welfare is a common responsibility
